The participant has been instructed that the participation in diving brings significant physical stress. The participant declares that he does not suffer from any of these diseases and that he is not aware of any other illnesses or conditions that can lead to adverse health effects when diving. Participation in diving is still prohibited in drug or drug addiction or alcohol abuse within the past 12 hours before the dive. The safety of diving is guaranteed only if the entire device is fully functional. The proper condition of the diving base equipment is checked regularly and carefully by the base. However, this fact does not release the participant from the obligation to convince himself of the functionality of the devices before each dive. The participant is obliged to dive with a BCD (can be hired for a fee). The participant may only use his own diving equipment if it complies with the German TÜV regulations or the respective national regulations. The participant is liable for all damages that result from the fact that his device is not functional. Dive participants must have a valid medical certificate and insurance against diving accidents. The minimum age for diving students is 8 years. For minors, the written consent of the legal guardian must be present. The participant must observe and comply with the generally valid diving rules of the international diving federations as well as the valid insurance conditions. We only do no-decompression dives. Do not exceed the maximum depth of 40 meters! While participating in scuba diving the instructions of the Instructor / Divemaster must be followed. Also, the special conditions on site must be observed. Violations will result in immediate exclusion. The Instructors / Divemasters are only liable for damages caused by the intentional or grossly negligent behavior of the Instructor / Divemaster. Divecentermallorca is not liable for any loss, damage or theft of any sporting or personal equipment stored by the participant on the base or on the submersible. The billing is done directly in the diving school and can not be booked on the room bill. By signing the registration form of the diving school Divecentermallorca the participant accepts the above conditions and prices.
